Wild Tales Camp

Join a Naturalist for an enchanting look at animals in literature. Each session will explore a different animal tale with characters that come "alive." An evening family campfire with the children's original stories will close the camp on Thursday Nov 20th from 7:00 pm – 8:00 pm.*

*This is in addition to the regular camp session. Each session includes close encounters with *live* wild animals and an exploration of animals in literature. The stories both original and published will be extended with crafts, scientific exploration, games and hikes.

The program is designed to inspire creativity, enhance reading and writing skills, teach natural history and a stewardship for the natural world. There is a 15 child minimum class size to conduct this program.
